BUSH WILL CARRY CALLOWAY.

LYON ALL RIGHT.	TRIGG CLOSE.	MAKE IT 1,500.
Will Defeat Judge Cook in His Home Precinct.	Bush Has Made Many Friends This Week.	Let Bush Carry His County With a Landslide.

Letter to Judge Bush From One of Calloway's Most Influential Citizens to That Effect.

The following letter from Calloway county is one of many that are coming to Judge Bush and his friends in this county. It is from one of the most influential and substantial citizens of his county. Read it.

New Concord, Ky., May 6, 1903.
Judge C. H. Bush, Hopkinsville, Ky.
Dear Sir and Friend:—I will write you a few lines from South Concord, where Judge Cook was born and bred. Now if you are the least uneasy I think you should be encouraged when one who is asking no favors at your hands, tells you that Cook will be defeated in South Concord. I verily believe you are in the lead here and will carry Calloway county. Nothing hurt Judge Cook half so bad as the way he acted in securing the last grand jury. I was at a log rolling last week, 30 or 40 hands present, every expression I heard from the crowd was for you. The people will denounce his acts on the 9th inst., and we will expect better things of you, when you take his place. Every honest effort is being made for your success. I am yours very truly,
J. M. MEADOR.

CONFIDENT CLAIMS

That Bush Will Carry Judge Cook's County.

Murray, Ky., May 7.—The campaign closes here with Bush men more confident than ever that they will carry the county. They claim 500 majority, but a conservative estimate puts it at 250. The Cook men are scared to death and many of them mad. There will be a big vote polled.

SORY-REDDICK.

Nortonville Doctor and Paducah Woman Married Wednesday.

The marriage of Miss Beulah Reddick, daughter of Dr. J. T. Reddick, of Paducah, and Dr. Robert Sory, a prominent young physician, of Nortonville, took place at the home of the bride, Wednesday. Rev. G. W. Perryman, of the First Baptist church, Paducah, officiated.

LAYTONSVILLE LOVERS

Elope to Evansville and Have Nuptial Not Tied.

Mr. Sylvester Reese and Miss Claudia Dollins, young people living near Laytonsville, eloped to Evansville Tuesday and were married in the parlor of the Wellington hotel.

The bride is a daughter of Mr. William Dollins and the groom is a son of Mr. Jas. Reese.

BULLET PUNCTURED TIRE.

Close Call for Man Shot at Four Times.

A warrant has been issued for the arrest of Tom Pettus, colored, charging him with malicious shooting. It is claimed that Pettus shot four times at another negro at Howell. None of the bullets took effect, but one of them punctured the tire of the bicycle belonging to the man being shot at.

The Clarksville telephone exchange has 132 subscribers.

Many Changes Have Taken Place Within the Last Few Days.

Eddyville, Ky., May 7.—This county is now counted reasonably sure for Bush. It is estimated that about 750 to 800 votes will be polled and Bush will have at least 100 majority and maybe more. A fair estimate is to give Bush 425 and Cook 325. Bush will carry both Eddyville and Kuttawa towns three to one. The race for Commonwealth's Attorney will be close.

MUCH ESTEEMED CITIZEN.

Mr. Frank Cayce Passes to the Great Beyond.

Mr. Frank Cayce, an aged and highly respected citizen, died Wednesday night at his home, about five miles south of the city.

He was 77 years old and had been in failing health for some time.

Mr. Cayce was a man held in the highest esteem by a host of friends. He had been a member of the Christian church for a number of years.

He is survived by a widow and three children, one of whom is Mrs. W. M. Hill, of this city.

Funeral services were held at his late residence yesterday afternoon at 2 o'clock and the interment took place in Hopewell cemetery.

STOCK FARMS

Of Ohio Valley Inspected by German Farmers.

A distinguished party of German scientists who came to America to conduct agricultural investigations are in Lexington, Ky., to-day, and will visit a number of large stock farms near that place. To-morrow they will be guests of Agricultural college and the Experiment station, leaving for St. Louis to-morrow evening. The party, which is the most elaborate of its kind ever sent out from Germany, is supported by the National Agricultural Society, and consists of 45 members. John I. Schube, of the United States Agricultural Department, is accompanying them on their trip.

STROKE OF PARALYSIS

Causes Death of a Prominent North Christian Citizen.

Crofton, Ky., May 7.—Mr. George W. Raason, an aged and much esteemed citizen, died at the home of his son-in-law, Mr. Geo. Johnson, about eight miles north-east of Crofton, Tuesday night. Some time ago he suffered a stroke of paralysis, which resulted in his death. He was 77 years old and for many years was one of North Christian's most prosperous farmers.

SUIT IN TRIGG.

Physician Asks \$1,000 for Services in Smallpox Cases.

Cadiz, Ky., May 6.—Hon. James B. Garnett has filed suit for Dr. Henry Blane in the Trigg circuit court against Trigg county for \$1,000 for services rendered in the recent smallpox epidemic in this county. The plaintiff claims that since last November he has visited twenty-eight persons afflicted with this disease, with a total of ninety-seven visits, some of them being at a distance of sixteen miles, for which the April term of the fiscal court allowed him only \$100.

Hottest Fight Ever Waged in That Quiet Little County.

Cadiz, May 7.—The judicial contest here is absorbing all interest. On account of our home candidate for Commonwealth's Attorney a very heavy vote is expected. The vote is likely to reach 1200, about 80 per cent. of the total vote, and in the judge's race both sides are claiming the county. The Cook men claim it by 300 and the Bush men an even break or a small majority in their favor. Bush is very strong in Cadiz, Kearsburg Springs, Long Hollow, Golden Pond, Putrell, Ferguson, Canton, Wallonia and Cerulean Springs. It is the fiercest fight seen in Trigg county for years and will be a battle royal until the polls close. The ablest politicians in the county are arrayed on opposite sides and every inch of ground is being contested.

LOOSE RECEIPTS

Small, On Account of Dry Condition of Weed.

On account of the dry condition of loose tobacco, receipts have been much smaller this week than for many weeks past. Cash receipts, however, have been very good, amounting to about 400 hogheads. Sales on the breaks were 80 hogheads, and for the year, 1399 hogheads. Hogheads receipts for the year, 7580.

HESTER-BRANDON.

Hopkinsville Groom and Caldwell County Bride.

Mr. Ed H. Hester, of this city, and Miss Verna Brandon, of Cobb, were married at 10 o'clock a. m. Wednesday, at the home of a relative of the bride, near Cobb. Mr. and Mrs. Hester are now visiting in Paducah. On their return they will go to housekeeping on West Eighteenth street.

Set For To-morrow.

Arthur Smith, colored, in jail on a charge of having shot four times at another negro on a farm a few miles south of the city, will have his examining trial to-morrow before Judge Fowler.

Opposition in the City Rapidly Disappearing and 300 Majority Assured in Town.

This is the last day of the campaign for State and district nominations.

Local interest of course centers in the race for circuit judge and it looks like Charlie Bush has a lead pipe cinch on the nomination. His majority in Christian county will be something immense. If the vote is up to expectations it may go to 1,500 majority. Bush will get three out of every four votes polled in the county and if it is true that the boodie train missed connection the whole bottom is liable to drop out of the opposition in precincts where an artificial following for Cook has been counted on. Bush's majority in the four Hopkinsville precincts will be larger than Cook's vote in the same precincts. The poll of the city has been carefully revised this week and many changes have been discovered in Bush's favor. The "doubtful" vote has nearly all been transferred by authority to the Bush column. Despite all reports to the contrary, Bush will carry every precinct in the city by a big majority. The effort to disfranchise the unregistered city voters in spite of the provision made for their registration in the call was a boomerang for the Cook managers. It drove the fair-minded doubtful voters to Bush en masse. The call permits the voters who are not registered to do so at the polls when they vote, in a book to be provided for that purpose.

In two precincts of the city the Cook men have the sheriff and if they refuse to let unregistered Democrats vote it will cost Bush some votes, but the great body of unregistered voters live in the two precincts in which Bush men are sheriffs and they will not permit any Democrat to be disfranchised in these districts. It is not believed that the Cook men now contemplate any further attempts to reduce the vote in Hopkinsville. Many of them are fairminded even in politics and would not stand for such a raw deal.

Judge Bush has been in this county most of this week. He spoke at Pembroke Wednesday afternoon and at Rose Hill last night.

ASYLUM MANAGEMENT Grand Jury Recommends Employment of Three Supervisors.

Louisville, Ky., May 2.—The April grand jury adjourned nine days today, returning a written report in which the management of the Central Lunatic Asylum was criticized. The grand jury finds the lack of discipline and system. It recommends that two male and one female supervisors be employed to look after the wards. Four more attendants were indicted for assaulting patients.

Spring Ailments.

There is an aching and tired feeling of the liver, bowels and kidneys become sluggish and inactive, the digestion impaired, with little or no appetite, no ambition for anything, and a feeling that the whole body and mind needs toning up. The trouble is, that during winter, there has been an accumulation of waste matter in the system. Herbine will remove it, secure to the secretions a right exit, and by its tonic effect, fully restore the waste-tissues and give strength in place of weakness. See at R. C. Hardwick.

Denounced the Officials.

The Rev. Charles Reichlin, brother of Miss Agatha Reichlin, who was murdered, yesterday denounced the officials for the arrest of the Rev. Walser and declared his belief in his innocence.

"A man living on a farm near here came in a short time ago completely doubled up with rheumatism. I handed him a bottle of Chamberlain's Pain Balm and told him to use it freely, and if not satisfied after using it he need not pay a cent for it," says C. P. Rayder, of Patten Mills, N. Y. "A few days later he walked into the store as straight as a string, and handed me a dollar saying, 'give me another bottle of Chamberlain's Pain Balm. I want it in the house all the time for it cured me.'" For sale by C. K. Wyly, druggist.

Sight May Never Recover.

It is believed by Ira D. Sankey, a physician that he will never recover his sight.

In almost every neighborhood some one has died from an attack of cholera or cholera morbus, often before medicine could be procured or a physician summoned. A reliable remedy for these diseases should be kept at hand. The risk is too great for any one to take. Chamberlain's Colic, Cholera and Diarrhoea Remedy has undoubtedly saved the lives of more people and relieved more pain and suffering than any other medicine in use. It can always be depended upon. THE CALL

For Democratic Primary Adopted By Committee.

Will be held on May 9 Under the State Primary Election Law.

The following is the call for a Democratic primary on May 9, which was issued by the Democratic State Central Committee:

To the Democratic Executive Committee: Your subcommittee appointed to arrange for the details of the primary election, called for the purpose of nominating Democratic candidates for all State offices to be filled at the November election, 1903, would most respectfully report as follows:

First—That a primary election be held for the purpose above designated in each and every voting precinct throughout the Commonwealth on the 9th day of May, 1903, between the hours of 6 a. m. and 4 p. m., standard time, and that said election be held under the State primary election law.

Second—That in said primary all known Democrats of lawful age and all Democratic youths who will be of lawful age on the 3d day November, 1903, shall be entitled to vote.

Third—That in cities where registration is required the registration used at the last general election shall be used in this primary, and all those registered as Democrats shall be entitled to vote in this primary, and in addition to those registered Democrats residing in the precinct, who for any cause failed to register at the last general registration, and all Democrats who have moved into the precinct since the last registration, and all Democratic youths who will be of lawful age on November 3, 1903, shall be entitled to register with the officers of the election in their respective districts, and upon taking an oath that they will be legal voters in said precinct at the November election, 1903, shall be entitled to vote in this primary, and the officers of election in each precinct in cities where registration is required shall preserve the record of all voters who have registered with them as above provided.

Fourth—That the officers of election shall be appointed by the Democratic county committees throughout the Commonwealth, and shall in each county be appointed among the contesting candidates as nearly equal as can be done. In case the local committee in any county fails or refuses to act, and appoint the officers of election as above provided, or in the event that complaint is made to the committee that the officers of election as appointed by the said local county committee are not apportioned among the contesting candidates as above provided, or are not suitable for fair officers, then the committee has the right to hear and determine said complaint, and if it is well founded, then this committee has the right to take charge of and appoint the officers of election in all such counties where the local Democratic committee fails or refuses to act, or where complaint made is found to be well founded, and appoint the officers of election as above provided for.

Fifth—That upon the application to the local county committee by any candidate or his friends, he shall be permitted to have a challenger at the polls in each precinct, and an inspector of the count of the ballots in each precinct in said county; but said committee shall not be required to appoint more than five inspectors of the count for any one precinct.

Sixth—It shall be the duty of the officers of election in each and every voting precinct throughout the State, at the close of the polls, to count the ballots cast in their respective precincts, and to certify to the Democratic county committee of their county the result of the vote in detail, giving to each candidate the number of votes received by him in their precinct and to transmit with their certificate and the ballot stubs, all questioned ballots as the law directs, to the county committee.

Seventh—It shall be the duty of the Democratic County Committee to meet at the county seat in their respective counties on the 12th day of May, 1903, and tabulate the result of the election in their respective counties as certified by the officers of election in the various voting precincts in their county, and

HOME LIFE

To be happy and complete requires a perfect balance of health between husband and wife. Many a happy home has been made miserable by the whims and fancies, the moodiness and ill temper of a dyspeptic husband or wife. Dyspepsia and other disease of the stomach and its allied organs of digestion and nutrition can be cured by the use of Dr. Pierce's Golden Medical Discovery. When the diseased stomach is cured, the food eaten is perfectly digested and assimilated, and the body is made strong by nutrition, the only possible source of physical strength.

Chronic cases of dyspepsia and stomach "trouble" which have been pronounced incurable have been perfectly and permanently cured by the use of "Golden Medical Discovery."

"I was taken sick two years ago," writes Rev. W. H. Patterson, of White Cloud, Ala., "with what the doctors thought was gastric trouble, indigestion and nervous prostration, also constipation and inactive liver. I was in a dreadful condition. Tried several different doctors with but little result. Finally I wrote you, stating my condition. You recommended Dr. Pierce's Golden Medical Discovery, 'Laxative Prescription' and 'Pellies.' I bought two bottles and it seemed to do very little good. I had gotten so feeble that I was almost past traveling about, had got down to one hundred and fourteen pounds. I wrote again and you advised me to still continue, so I went and bought six bottles and got the 'Pellies' and began anew, following directions. When I had taken about five bottles I felt very much better and was greatly improved, and weighed one hundred and thirty-eight pounds."

A SOUTHERN BELLE.

A beautiful Georgia Girl, Vice-President of the East End Palmist Club, of Savannah, and prominent society there, relates the following experience:

You certainly have produced the finest medicine for suffering women that there is to be had in the country. I want to recommend it especially to mothers. I am seventeen years old when my darling boy was born. Felt very exhausted and weak for a long time, and it seemed I could not get my strength back. My sister-in-law bought me a bottle of Dr. Pierce's Favorite Prescription (after I had tried several of the other remedies which

are so much advertised, and found no relief). I had little faith in the medicine at the time and was so weak and sick that I felt discouraged, but within a week after I had commenced taking your "Favorite Prescription" I was like a different woman. New life and vitality seemed to come with each succeeding day, until, in a few weeks, I was in fine health, and a happy, hearty woman. My boy is now two years old, and, thanks to your splendid medicine, I am enjoying perfect health. If at any time I feel tired or in need of a tonic, a few doses of your "Favorite Prescription" recuperates me at once. My address is No. 511 Jones Street, East, Savannah, Ga.

Mrs. SUSIE WILLIAMS.
To Dr. R. V. PIERCE.

There is No Beauty Like the Beauty of Health.

Nothing encourages beauty of face and form so much as a healthy body. Very much depends on the condition of the organs peculiar to women. These should perform their functions regularly and be free from those weakening influences so often connected with life in the city. Dr. R. V. Pierce, after making a specialty of woman's diseases, finally found a prescription, whose ingredients were entirely of vegetable origin, which had a marvelous effect on

the organs peculiar to women. He found it also had a good tonic effect on the whole system; this he used in his private practice with such favorable results that he finally decided to put it up in "patent medicine" form some thirty-five years ago, and since that time it has enjoyed the largest sale of any medicine put up for women only. It is entirely vegetable, and Dr. Pierce gives his absolute guarantee that it contains no alcohol, opium or other harmful narcotics. The trouble with many tonics put up for the public is that they depend upon alcohol for their stimulating effect; this is something Dr. Pierce has always felt with bad practice, harmful and a poor business policy, if not absolutely wrong. The Sisters of the Good Shepherd, at their convent, "Our Lady of the Woods," Carthage, O., use a great deal of Dr. Pierce's medicine; and they say, in a recent letter to Dr. Pierce: "We beg to assure you of the great benefit these medicines give our alling ones. We cannot sufficiently recommend their excellence."

"Favorite Prescription" cures the womanly diseases which undermine the general health, which make the eyes and cheeks hollow and the body thin. Weak and sick women are invited to consult Dr. Pierce, by letter, in strict confidence. Address Dr. R. V. PIERCE, Buffalo, N. Y.

YOU CAN get a copy of Doctor Pierce's Common Sense Medical Advisor, 1008 pages, FREE, by sending stamps to pay expense of mailing ONLY. Send 31 one-cent stamps for the cloth-bound volume, or only 21 stamps for the book in paper covers. Address: Dr. R. V. PIERCE, Buffalo, N. Y.

GREATLY ALARMED

By a Persistent Cough, But Permanently Cured by Chamberlain's Cough Remedy.

Mr H. P. Burbage, a student at law, in Greenville, S. C., had been troubled for four or five years with a continuous cough which he says, "greatly alarmed me, causing me to fear that I was in the first stage of consumption." Mr. Burbage, having seen Chamberlain's Cough Remedy advertised, concluded to try it. Now read what he says of it: "I soon felt a remarkable change and after using two bottles of the twenty-five cent size, was permanently cured. Sold by C. K. Wyly, druggist."

Declared Unconstitutional.

The Supreme Court of the United States has declared that the Federal statute providing for the punishment of bribery and intimidation in Federal elections of those entitled to suffrage under the fifteenth amendment is unconstitutional.

World Wide Reputation.

White's Cream Vermifuge has achieved a world wide reputation as being the best of all worm destroyers, and for its tonic influence on weak and unthrifty children, as it neutralizes the acidity or sourness of the stomach, improves their digestion, and assimilation of food, strengthens their nervous system and restores them to the health, vigor and elasticity of spirits natural to childhood. 25c at R. Look well to their record. What they have done many times in years gone by is the best guarantee of future results. Any one with a bad back, any reader suffering from urinary troubles, from any kidney ill, will find in the following evidence proof that relief and cure is at hand.

Mr. G. M. Myers, the well known shoemaker of Winchester avenue and 14th street, Ashland, Ky., says: "Doan's Kidney Pills are like true friends, the longer you know them the better they are appreciated. I can add nothing to the statement I first made in 1896 after I procured the remedy at the Ventura Drug Co., and took a course of the treatment, which cured me. I was absolutely free from all backache for nearly three years, then I noticed a slight ache, as the result of a cold, in my back. A box of Doan's Kidney Pills dispensed of it. I have recommended this remedy to many, and have never heard of one who did not endorse the claims made for it."

JUDGE BUSH'S DEVICE

To Vote for Bush Put the Cross in the Circle as Shown Above.

It is all over now but the voting and the shouting.

Bill Thorne will run a winning race in this part of Kentucky. Nearly everybody will vote for the looking genius from Henry county.

Don't forget to vote for Webb Bell for Railroad Commissioner. You will find his name on a small separate ballot, and be sure to take time to give him a vote.

Josh Smith is the only candidate from Western Kentucky for one of the more important State offices. He lives in our own district and should get practically a solid vote. Remember him when you vote.

Deany Smith is closing his campaign this week in Trigg county, and expects to get at least 1,200 votes in that county. He is undoubtedly receiving a very strong backing from his home people.

Mr. John C. Duffy has put out one of the most talking cards we have seen. It is posted at the polls. It is a large poster, which reads: "Whatever you do, vote for Duffy for Commonwealth's Attorney." Mr. Duffy is examining his nomination to be a Justice of the Peace. He says he will carry both Lyon and Callaway counties in addition to his home county.

Judge Cook dropped into Cadiz Tuesday although it is said he had appointments in Callaway for nearly all of the week. A sensation that it was claimed would put Bush out of business, promised for this week, had not materialized up to a late hour last night. The real sensation will be experienced when Christian county is heard from tomorrow night with 1,500 majority for Bush.

N. B. Hays, the mountain candidate for Attorney General, seems to be a dead sure winner. He is the only man from the Eleventh district, out of 25 candidates, and his location gives him a great advantage. It is imperatively necessary to have some strong men on the ticket, well distributed over the State, in order to pull it through. Mr. Hays would be worth thousands of votes to the ticket.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

That Tired Feeling

Is a Common Spring Trouble. It's a sign that the blood is deficient in vitality, just as pimples and other eruptions are signs that the blood is impure.

It's a warning, too, which only this hazardous fall to heed.

Hood's Sarsaparilla and Pills

Remove it, give new life, new courage, strength and animation. They cleanse the blood and clear the complexion.

Accept no substitute.

"I felt tired all the time and could not sleep. After taking Hood's Sarsaparilla a while I could sleep well and the tired feeling had gone. This great medicine has also cured me of scurvy." Mrs. C. M. Root, Glendale, Conn.

Hood's Sarsaparilla promises to cure and keeps the promise.

John Chenault has made a great fight for Auditor, with the entire power of the administration and the machine arrayed against him. He will carry Western Kentucky with hardly a county missing, and if he can get his votes counted in Louisville will win the nomination. He is one of the best young men in public life in Kentucky and deserves the nomination he seeks.

The deplorable accident by which Walter S. Bronston, of Lexington, lost his life, is universally regretted. Mr. Bronston was taking a pistol from a drawer to put it in his grip to take a trip, and in handling the weapon let it fall upon the floor. It was discharged and Mr. Bronston was fatally wounded. He died in an hour. His race for mayor last winter attracted attention all over the State, though he was defeated by a small majority. He was only 35 years old.

The Murray Ledger in discussing the confession of Judge Cook in regard to the unlawful allowances to his master commissioner in Callaway county, refers to one case in which Judge Bush acted as special judge, included in the long list. The fact is that in this particular case Judge Cook was the attorney and acted for himself and Judge Bush was not even consulted about it.

J. B. Marcum, a prominent attorney of Jackson, and a member of one side of the Cockrell-Hargis feud, which has disturbed Breathitt county for two years, was shot and instantly killed as he was entering the court house in Jackson Monday morning, by an unknown man. Marcum's brains were literally blown out. He sided with the Cockrells in the war. The assassin escaped without any serious effort being made to capture him.

Mrs. Heulah Ayers, wife of Editor Mott Ayers, of the Fulton Leader, died Sunday afternoon, after several days' illness. She was the eldest daughter of Elder J. N. Hall, of the Baptist Church, and left a husband and two bright children. Col. Ayers has the sympathies of the state press in his sad bereavement.

In a competitive examination for Senator Blackburn's appointment as naval cadet, eight applicants were examined at Versailles. Harry J. Abbott, of Covington, won with D. D. Smith, of Versailles; Wm. H. Branham, Georgetown, and E. G. King, Lexington, alternates in the order named.

There are now three announced candidates for the Republican nomination for Governor—Judge Clifton J. Pratt, Col. Morris K. Belknap and Hon. Augustus E. Wilson. The Republicans are evidently preparing to put forward one of their very best men.

Caleb Powers' case will not come up at this term of the Scott county circuit court. The defense attempted to swear Judge Cantrell off the bench, but the court overruled the motion and held the case over till the 14th day of the term.

Wm. S. Taylor's daughter, Miss Alma, was married this week to Dr. Harvey T. Bohannon, of Greenville, Ky. The marriage took place in Indianapolis.

Will Furnish Fuel.

The contract for furnishing fuel for the public building at Evansville for the next fiscal year has been awarded by the government to the St. Bernard Coal Company, of Earlington, at \$690.

STRIKE OFF.

Satisfactory Settlement Made and Men Back at Work.

The strike of the United Brotherhood of Carpenters and Joiners, in August on May 1, has been settled. About seventy men went on the strike, most of them being employed by the Forbes Manufacturing Company and the Dagg Planing Mill and Building Company. They demanded an increase of wages and recognition of the union. The settlement was the result of a series of conferences and was satisfactory to both sides. All the men resumed work Wednesday.

The following notice is self-explanatory:

NOTICE—TO ALL CONCERNED—

We have adjusted all differences existing between local union No. 442 and the contractors of this city, everything being satisfactory, and all men ready to resume work at their former places.

ASKS HIS FRIENDS

To Vote For S. W. Hager For State Auditor.

My Friends of Christian County

In asking you to support S. W. Hager, of Boyd county, for State auditor, I ask you to vote for me to some extent; for Judge Hager, through friendship and regard for me, has offered me an assistant's office in case he is elected. Yet I do not hesitate to call upon you for help, although it is asking advancement for myself through your votes for another. I know Judge Hager to be an honest man, well qualified for this office, with a splendid record back of him as treasurer of Kentucky, and an unassailable history as a true and staunch Democrat. If this were not true I would not have the temerity to call upon the good people of Christian county to vote for Judge Hager; nor would I seek office at his hands.

And here let me remind you, my friends, that I have always worked faithfully for the Democratic party, and have not wavered in my duty to it, although my claims to office have hitherto been neglected.

Be assured then, that if the people of Kentucky prefer the claims of Judge Hager for this important office, I will be right in line to help the old party to victory in November.

But friends if you have no personal choice between Judge Hager and his opponent, and even if you think the qualifications of Judge Hager only equal to those of his opponent, I beseech you for the sake of an old Christian county boy who needs your help, to cast your votes on May 9th for S. W. Hager, of Boyd county. Yours truly, GARNER DALTON.

GIVEN THREE YEARS.

Pink Miller Convicted in Federal Court of Counterfeiting.

The May term of Federal court held in Owensboro this week. Among the petit jurors were the following from Christian county: Messrs. S. T. Fruit, John W. Courtney and J. D. Russell.

In the cases against J. Pink Miller and C. J. Miller the fact was established conclusively by several witnesses that Pink Miller had on more than one occasion attempted to pass raised bills. C. J. Miller had been with him at some of these times but the prosecution failed to connect him either with raising the denomination of the bills or of attempting to pass them and a verdict of acquittal was brought in by the jury. The jury which tried the case against Pink Miller returned a verdict of guilty and the court fixed his punishment at three years in the penitentiary and a fine of \$10. The Miller brothers, it will be remembered, were arrested here about a year ago, charged with passing counterfeit money. The Federal court took cognizance of the matter, with result as above stated.

J. P. Miller will be sent to the Atlanta prison to serve his sentence.

Neighbors of mine have been cured of rheumatism, neuralgia, liver and kidney troubles and general debility." This is what B. F. Bass, of Fremont, N. C., writes. Only 50c. at R. C. BUSH RALLY.

Speaking at the Court House To-Night at 7:30.

Judge Bush Will Make the Closing Speech of the Campaign to City Democrats.

The last speech of his campaign for circuit judge will be made at the Court House to-night by Judge C. H. Bush, the Hopkinsonville candidate. It will be the first appeal to his neighbors and friends to stand by him in his aspirations. He has been 35 years since Christian county had a Democratic judge and now that the county presents a capable and qualified candidate it is beyond belief that any considerable number of our home people will vote against him. In order that Judge Cook may have an opportunity to turn out of the office of Master Commissioner one of the truest Democrats in Kentucky, Frank Rives has led his party in two forlorn hopes, giving of his time and means that victory might come to the party when his own cause was hopeless. It was the work of Frank Rives and his friends in Christian county in 1897 that reduced the Republican majority nearly 1,000 votes over McKinley's, when Judge Cook ran 700 behind Bryan in his own county. Frank Rives did more and gave more in 1897 to make Judge Cook's election possible than Judge Cook himself, at least in this end of the district. There is no reason why Judge Rives, who has ever since his appointment been required to divide the emoluments of his office, be discharged now to allow Judge Cook to trade himself into a second term.

There have been some new disclosures in Judge Cook's record that Judge Bush has not discussed in his speeches here and he will point these out to the people. He will also reply to the bitter and vindictive attack made on him by the Murray Ledger. The meeting will be one of great interest and should be attended by every Democrat in the city.

DROPPED DEAD.

Mrs. Margaret Buckner Passes Away Suddenly in Owensboro.

Mrs. Margaret R. Buckner died of heart failure very suddenly Tuesday at the home of her daughter, Mrs. W. W. Clarke, in Owensboro. Mrs. Buckner had a slight attack of heart trouble about a month ago, but seemed to have entirely recovered from it and on Tuesday morning she arose at the usual hour, saying that she felt better than for some time. About 10 o'clock Mrs. Clark heard her fall in her room and rushed to her side. A physician was summoned but before he arrived she was dead.

Deceased was 66 years old and was formerly Miss Margaret Rowland of this city. She was the widow of Edward M. Buckner, who was at one time county clerk of Christian county. Since his death, twenty-four years ago, she had made her home with her daughter, removing to Owensboro about ten years ago. Mrs. Buckner is her only living child. Mrs. Buckner was a member of the Presbyterian church. The remains were brought to this city Wednesday afternoon and the interment took place in Hopewell cemetery.

The ladies wonder how Mrs. B. manages to preserve her youthful looks. The secret is she takes Prickly Ash Bitters; it keeps the system in perfect order. R. C. Hardwick, special agent.

BIRTHS IN MASSACHUSETTS.

The Number in the Year 1901 Small—Set in Two Decades.

Coming as it does, close upon the recent utterances of President Eliot and President Roosevelt in favor of early marriages and large families, says the Boston Transcript, the sixtieth annual report of births, marriages and deaths registered in Massachusetts during the year 1901 is of exceptional interest. Massachusetts has for some years had an extremely low birth rate, and shows no improvement. The rate, calculated on the estimated population of 2,850,710, is only 25.07 to 1,000 of the living population, less than that of the previous year, and the least since 1882. The marriage rate of 8.67 in 1,000, when reckoned by persons married, instead of by marriages, 17.41 to 1,000, is scarcely more encouraging, for it is less than the rate of the previous year, and shows a decrease of .12 below the average rate for the ten-year period just closed.

The death rate during the year (16.82 to 1,000) is the least since the year 1851, so that the excess of births over deaths (8.26) is favored by other conditions than increase in number of children. A table showing excess of birth rates over death rates in five-year periods for half a century makes a favorable showing in later years, partly through this same cause, a decrease in the rate, rather than an increase in birth rates. From 1870 to 1890 the excess shows a decreasing tendency, but from 1890 on a favorable tendency.

These rates would indicate one child born alive to 38 persons, one person marries to 58 persons, and one death to 59 living persons. The same data also indicates a daily average of 137 births, 48 marriages and 132 deaths during the year 1901. The actual number of births registered in 1901 was 71,976, showing a decrease of 1,110—Boston Transcript.

FORCE OF HABIT

Retired Police Captain Walks Daily to His Old Station.

"How do I pass my time?" said ex-Police Capt. Upeland, who recently retired after 47 years' service on the force, to a New York World reporter. "Well, for the first week or so after I left the police department I found it a very difficult matter to tear myself away from doing police service. For 47 years I had been going to police stations, and the habit had so strong to me that even after I was retired some irresistible impulses would drive me out of the house at the hour when I usually left. I went on to the retired list, and somehow or other I always found myself near one of the police stations. No, I did not go in. I simply satisfied myself by looking on the outside and then walked back home again or else went to attend to some particular business.

"Since my retirement," continues the veteran police captain, "I have become fond of lectures, and on five of the seven nights of the week you can find me at some lecture, a very attractive lecturer. For years I have been lecturing the police under me, and it is very pleasant for me to be seated among the audience listening to others. The lectures are very interesting and I enjoy them immensely."

PAPERS ARE MANUFACTURED.

English Decision Finds Sunday Editions Do Not Violate Law.
By the decision of the City of London court English newspaper proprietors, in the eye of the law, are manufacturers, and as such do not infringe on the Lord's day observance act by publishing Sunday papers. This important and somewhat curious decision came up through a suit brought by Lloyd Weekly to recover payment for Sunday papers delivered to a country news agent, who had refused to pay under the pretext that the Sunday laws made the claim invalid.

Judge Rentson held that the Sunday papers did not come under the head of "works of necessity," but as the Sunday act referred only to contracts entered into by a "tradesman, artisan, workman or laborer," the proprietors of Lloyd's Weekly, as manufacturers, were exempt from the accusation of illegality and were entitled to their money.

Baseball Team Plays Two Games at Lebanon, Tenn.

Annual Picnic Will be at Campbell's Cave To-morrow—Good Time Anticipated.

The annual S. K. C. picnic will be held next Saturday. It has been the custom of the faculty of S. K. C. to have a picnic the first Friday in May since the establishment of the institution. Last Friday was the day to have had the picnic, but the Carnival was going on and it was continued until next Saturday. The picnic will very likely be held at Campbell's cave, as it has been had there the past two years. The pupils are eagerly awaiting the arrival of Saturday and all expect a glorious time.

The baseball team is making a tour of Tennessee this week and seems to be meeting with much success. Two games were played with the strong Cumberland University at Lebanon, Tenn. The S. K. C. boys winning the first game 6 to 5 and losing the second by a small score. Forrest Morris accompanied the team on the trip and has rendered the team much assistance at some of the games played. The team will get home Friday night.

The khaki uniforms have not arrived yet, but are looked for daily. The cadets were much disappointed by not having them in time to wear them in the parade during the carnival in which they took part.

Cadet Lowry is at home sick this week and it is hoped by his schoolmates that he will soon be able to return.

Cadet Riley and his sister, Miss Belle, visited their home at Elkton last Saturday and Sunday.

Mrs. Onley who has been spending a few days in the country returned Monday.

Master Paul King, who visited his mother Norris during the carnival, returned home last Saturday.

Cadet Harn McEwen is visiting his home at St. Charles this week.

Cadet Thom is visiting his home at Cerulean Springs this week.

Cadets Ferguson and Crutcheff visited their homes at Trenton last Saturday and Sunday.

Profs. Gordon and Kouykedou spent last Saturday at Haffner's mill on the banks of Little River fishing, but as usual luck was against them.

Pe-ru-na a Prompt and Permanent Cure for Nervousness.

MRS. LULU LARMER.

Mrs. Lulu Larmer, Stoughton, Wis., says:

"For two years I suffered with nervous trouble and stomach disorders until I seemed that there was nothing to me but a bundle of nerves."

"I was very irritable, could not sleep, eat or compose myself, and was constantly unfit to take care of a household."

"I took nerve tonics and pills without benefit. When I began taking Peruna I grew steadily better, my nerves grew stronger, my rest was no longer fitful, and today I consider myself in perfect health and strength."

"My recovery was slow but sure, but I persevered and was rewarded by perfect health."—Mrs. Lulu Larmer.

Mrs. Anna B. Fidelity, recent Superintendent of the W. C. T. U. headquarters, at Galesburg, Ill., was for ten years one of the leading women there. Her husband, when living, was first President of the Nebraska Wesleyan University at Lincoln, Neb.

In a letter written from 401 Sixty-seventh street, Wm. Chicago, Ill., she says:

"I would not be without Peruna for ten times its cost.—Mrs. Anna B. Fidelity."

JUDGE HIMES

Wins the Great Kentucky Derby

by a Full Length.

Louisville, May 2.—Judge Himes,
sixty-one shot, won the Kentucky
Derby today in a field of six start-
ers. Time 2:09.

The six candidates were Early,
Woodlake, Bourbon, Bad News,
Treacy and Judge Himes. Bad
News got off first with Early sec-
ond and Treacy third. Early's
position made him more than ever
the favorite and the thousands who
had accepted the odds of 3 to 5
thought their money was good. At
the first quarter Woodlake was a
neck in the lead with Bad News
a neck in front of Judge Himes. At
the half Woodlake's lead increased
to two lengths, when Early com-
menced to crawl up and in the
stretch he was to crawl up and in
the strength he was to the good by
two whole lengths, with Woodlake
and Judge Himes seemingly in a
struggle for second place. With a
sensational burst of speed, how-
ever, Himes shot ahead and passed
under the wire almost a full length
ahead of the favorite, who had the
beat of Bourbon, who had unplaced
Woodlake for third place.

May McClure's.

The May McClure's is printed in
a new type, and is handsome in
appearance and make-up. It is
notable for both the quality and
number of its illustrations. Jules
Guerin's two full page views of
Pittsburg, by night and by day,
admirably illustrate Lincoln Stef-
en's paper on "Pittsburg: A City
Ashamed," a companion-piece of
his St. Louis and Minneapolis pa-
pers. Then there are some very
telling drawings by Henri Lannes,
reproduced in tint to illustrate Pro-
fessor Simon Newcomb's capital
story, "The End of the World." Er-
nest Doodle's "Waste of the
Street," is lavishly illustrated by
many types of street urchins, drawn
by Schoonover. George Varian il-
lustrated Miss Tarbell's "Standard
Oil" paper, and Corwin K. Linson,
a story by Mary E. Wilkins, Garth
Jones, the English artist, gives an
excellent specimen of his handi-
work in line of his illustrations for
Hermine Templeton's Irish story.
This by long odds the best ap-
pearing number of McClure's ever
issued.

Nineteen stories and articles and
one hundred and twelve illustra-
tions form the contents of the May
Cosmopolitan. J. Heniker Hea-
ton, M. P., contributes an article
on the British Parcel Post—particu-
larly timely, in view of the plan,
about which the entire mercantile
world is showing so wide an in-
terest, to introduce into this country
the system of carrying parcels in
the mail. Ella Adelia Fletcher
is the author of a charmingly il-
lustrated essay on "The Power
and Beauty of Woman's Eyes." The
wonderful possibilities of sci-
entific corn-culture are explained
in an instructive paper, by A. D.
Shamel, of the Illinois Experiment
Station, entitled "The Marvels of
Corn Culture," illustrated with a
series of exemplifying photographs.
Sir Edwin Arnold has written for
this number of The Cosmopolitan
an entertaining essay on a strange
subject for folk to treat—the tying
of knots, with many practical il-
lustrations. A contribution which
will be widely read is "Platonic
Friendship," by Ralford Pyke.

General 1,800
For the office of Auditor 2,200
For the office of Treasurer 1,800
For the office of Secretary of
State 1,800
For the office of Superintend-
ent of Public Instruction 1,800
For the office of Clerk of the
Court of Appeals 1,800
For the office of Commissioner
of Agriculture 1,700
Total \$16,000

In the event that a candidate for
any office above named should have
no opposition, then he is required to
pay the entire assessment fixed for
that office; and in the event there is
more than one candidate for any of
the above-named offices, the assess-
ment for that particular office is to
be equally apportioned among the
candidates for such office, i. e., if
there is only one candidate for a
given office, say that of Treasurer,
then he shall be assessed the full
\$1,800, and in the event there are
two candidates, they shall each be
assessed \$900, and in the event
there are three candidates, they
shall each be assessed \$600, and so
on. In the event there is a sur-
plus remaining after defraying all
the expenses of said primary, it
shall be returned to those by whom
it was paid, in the same proportion
in which it was paid by them, and
in the event that the expenses of
said primary are greater than \$16,
000, then the sum thereof over
and above said sum is to be paid
by the successful candidates in the

same proportion in which they were
assessed, and it is the duty of the
local County Committee in each
county to certify to the chairman of
the State Central and Executive
Committees at the same time that
the official vote of the county is cer-
tified, the cost of said primary to
their respective counties.
Twelfth—As necessity may arise,
the subcommittee is authorized to
adopt such rules and regulations
and do all acts and things as from
time to time may become necessary,
to insure the faithful and fair con-
duct of said primary, not inconsis-
tent with the primary election law
of this State or with the report here
submitted.

Thirteenth—Before entering upon
the discharge of their duties the
officers of election shall be sworn as
the law directs, and their duties
and responsibilities shall be pre-
cisely the same as those of legally
appointed and regularly qualified
officers of regular State elections.

Fourteenth—As the present party
organization was chosen in 1900 for
four years, it is the sense of this
committee that no convention need
be held during this year, and that
the party organization, as at present
constituted, should stand till
the convention is called to send dele-
gates to the National Convention
in 1904.

Fifteenth—That a copy of this
report shall be printed and posted
at the courthouse door in each
county in this Commonwealth, and
that at least twenty copies shall be
furnished to the local County Com-
mittees in each county in the Com-
monwealth, to be posted by them in
their respective counties, not less
than forty days before the date of
said primary; to wit: May 9, 1903.
That all Democratic and other
newspapers throughout the State
who will publish the same are re-
quested to do so, in order that this
primary shall be given as much
publicity as possible.
All of which is respectfully re-
ported and submitted.

Keep the Balance Up.

It has been truthfully said that any disturbance of the even balance of health causes serious trouble. Nobody can be too careful to keep this balance up. Nobody can be too careful to keep this balance up. When people begin to lose appetite, or to get tired easily, the least imprudence brings on sickness, weakness, or debility. The system needs a tonic, craves it, and should not be denied it; and the best tonic of which we have any knowledge is Hood's Sarsaparilla. What this medicine has done in keeping healthy people healthy, in keeping up the even balance of health, gives it the same distinction as a preventive that it enjoys as a cure. Its early use has illustrated the wisdom of the old saying that a stitch in time saves nine. Take Hood's for appetite, strength and endurance.

TRUSTS!

Are the natural enemies of the farmer. When he goes to sell the products of his farm he wants as many buyers to compete for these commodities as can be obtained. Then when he wants to make a purchase of an implement he doesn't care how many sources present themselves from which he can buy. The more, the better for him. To illustrate, if he wants a binder he will find that the Deering, McCormick, Plano, Milwaukee and Champion are all in a combination and afford him no competition.

THE OSBORNE

IS THE ONLY binder obtainable in this county that is not in this combination. The farmer's only hope to get binders in future at reasonable prices.

Helping the Osborne Company means fighting the trusts. The owner of the big Osborne Machine Company made speeches all over the State of New York last year against trusts. He is a man of the people, for the people, and his binder is the binder for the people. If his company goes down under the assaults of the trusts, the farmer has no alternative but to buy trust binders.
